KARIN OCHAYON
Full-Stack Developer

ABOUT ME

I'm seeking my next challenge! I'm eager to apply what I've learned so far and to continue advancing, developing and flourishing in the field.
I prioritize clean and efficient code, possess rapid learning abilities, and excel in communication, presentation and documentation.
Whether collaborating within a team or working autonomously, I thrive and adapt well. I'm driven by limitless motivation and I'm recognized for fostering a positive and productive work environment. Give me a try! :)

WORK EXPERIENCE

2023- Present
Moveo Group
Full-Stack Developer
As a Full-Stack developer, I collaborate with clients to design customized projects, utilizing various languages and technologies to meet their specific needs. Additionally, I mentor new employees in the company's "Skills" training program, providing guidance on software principles, customer communication, and presentations.

2019-2022
Government Office
Information Coordinator
Prime minister's office classified position in which I was responsible for producing an interactive picture for the senior decision-maker. The job also included gathering information from other security bodies in times of stress, using advanced technologies.

2017-2019
Military Service
Data Collection Specialist
"Unit Outside The Security Forces 1014" classified role in which, among other things, I have been authorized to collect data using advanced systems.

EDUCATION

B.Sc in Computer Science
HIT
